

# PETER KLINGA

<https://pklinga.github.io/PeterKlinga/>

*I'm a career changer.*

*Unfortunately, my current job lacks daily brainstorming, so I want to switch.*

*I love logical tasks, I like to work in a team, but I'm not scared if I have to solve something on my own. Google is my friend.*

*I am persistent and I learn quickly, I am open to learning new things and technologies.*
